# spcaLA Foster Program

Friends for life.™

*They can't live without you!*

spcaLA needs Foster Parents! Year round, spcaLA cares for pets of all ages that require a little extra TLC. These pets may need extra socialization, require medical care, or are too young for adoption, like bottle babies, the litters of motherless kittens that come to spcaLA during Kitten Season (the warm spring and summer months). Foster Parents help pets with special needs and prepare them for adoption into permanent loving homes.

## BECOME A FOSTER PARENT

To become an spcaLA Foster Parent, complete and submit an application. **Once approved**, attend a Foster Class and we'll match a pet with your abilities and preferences. spcaLA provides food, litter, medical care, bedding, toys and 24 hour support. At spcaLA we are dedicated to giving our Foster Volunteers the tools they need to be successful parents!
